TRADITIONAL/CLASSIC WEDDING

Traditional shots involve more structured and posed compositions. These shots typically include formal portraits of the couple, family, and key moments during the ceremony and reception.

PHOTOJOURNALISTIC/ CANDID WEDDING

Candid shots focus on capturing genuine emotions and spontaneous moments during the wedding. This style helps create a compelling narrative of the wedding day, showcasing the true essence of the event.

PRE-WEDDING PHOTOGRAPHY AND VIDEOGRAPHY

Pre-wedding shoots capture the couple's journey leading up to the wedding day. Locations and themes are carefully chosen to reflect the couple's personality and love story.
